Dear Mr Weber

VALIDATION OF A CATEGORY ONE CPD ACTIVITY: ADVANCED SOLAR THERMAL & SYSTEM DESIGN

We have pleasure in confirming that SAIA has validated your 2 day training course Advanced Solar Thermal & System Design. The validation was carried out in terms of Sections 12.2 and 12.3 of the Conditions Relating to Continuing Professional Development and Renewal of Registration published in the South African Council for the Architectural Profession (SACAP), Board Notice 31 of 2009.

The 2 day course is presented in six modules:

1. Solar Radiation & Solar collectors
2. Collector Materials & Performance
3. Building integration, Thermal storage & System components
4. System Concepts & Applications
5. Dimensioning & Practical challenges & solutions
6. Solar Thermal Process Heat

The CPD credit value for the course has been assessed as 2 Category One CPD credits.

This validation will be valid from 1 October 2015 to December 2016.

We draw your attention to the Conditions of Validation set out in Part 2 of the schedule hereto.

Attached are *pro forma* documents for the registration information required and the feedback questionnaire which we require participants to complete for you to return to us. Should you wish to modify these *pro formas* please feel free to do so provided the information which we need is captured. Regarding registration information it is most important to us that the record of attendance includes the participant's SACAP registration number, ID number, e-mail address and telephone and/or cellphone number(s). The attached *pro forma* registration form makes provision for this. Please let us have the registration information in spreadsheet format together with scanned copies of the registration forms signed by the participants. We only require this information for participants who are architectural professionals registered with SACAP.

Yours sincerely

Marlene van Nieuwenhuizen
